

RV Merchandise Order Form & Catalogue

Please email your order to sales@caravanindustry.com.au • Effective 7 August 2026

Business Name:		Contact Person:	
Purchase Order Number:		Phone Number:	
Standard Delivery ☐	Express Delivery (additional cost) ☐	I would like to make this my regular monthly order ☐	

Orders submitted by 1pm are usually packed the same day for pickup by our logistics partner the next business day. Metro Melbourne deliveries generally arrive within 2 – 4 business days and deliveries to capital cities within 4 – 6 business days from pickup. Regional deliveries and deliveries to WA/NT take up to 10 business days. Same day courier options and guaranteed next day delivery options within Metro Melbourne can be arranged at your own expense starting from \$60 (we will confirm cost before posting). All prices incl GST.

If you are not an accredited business with the Caravan Industry Association of Australia or a contributor to the National Marketing and Advocacy Fund, a flat \$25 postage & packaging fee applies to all orders.

Order Code	Product Description	Price per	Badge incl Contribution #	Badge only	Quantity
C-1A*	Accreditation Badge CAMPER	1	\$49.50	\$33.00	
C-1B*	Accreditation Badge CARAVAN/MOTORHOME	1	\$82.50	\$55.00	
C-1C*	Accreditation Badge INTERNATIONAL	1	\$82.50	\$55.00	
C-1D*	Accreditation Badge AUSTRALIAN	1	\$82.50	\$55.00	

* These highlighted items are only available to businesses accredited under one of Caravan Industry Association of Australia’s Accreditation Programs. It is a requirement of RVMAP that an RVMAP Accredited badge is fixed to the exterior – beside the door – of every vehicle manufactured.

Contribution towards a cooperative fund that aims to support the sustainability of the greater industry.

Catalogue

Product specifications, compliance signage and order codes for RVMAP accredited businesses.

C-1A/B/C/D: Accreditation Badges *

C-1A: 3D chrome badge: 108 x 42 mm

C-1B: 3D chrome badge: 108 x 42 mm

C-1C: 3D chrome badge: 108 x 42 mm

C-1D: 3D chrome badge: 108 x 42 mm

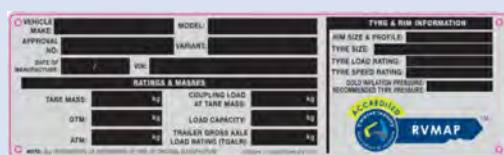

RVMAP Accredited Businesses are required to affix an “RVMAP Accreditation Badge” to the exterior of EVERY Recreational Vehicle supplied or produced. The Accreditation Badge must be affixed in a prominent external position next to the opening of the entrance door. The badge must be fitted within 200mm of the door edge and in line with the door handle (or above or below the grab handle, if one is fitted).

Accreditation Badge ‘RVMAP MANUFACTURER: *as long as stock lasts*

RV Merchandise Order Form & Catalogue

Please email your order to sales@caravanindustry.com.au • Effective 7 August 2026

C-2R: RVSA Vehicle (VIN) Plate – RVMAP *

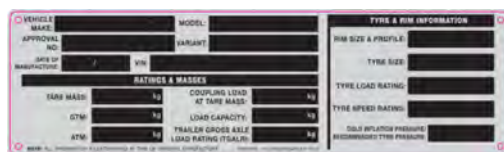

Metal plate size: 238 x 68 mm

Vehicle (VIN) plate which meets the requirements of a Secure Vehicle Identifier (SVI), required to be placed on each completed trailer supplied under a Road Vehicle Standards Act (RVSA) approval. The plate provides additional technical information to assist owners in enjoying safe and legal travels and covers all the legal and RVMAP requirements.

This carries the RVMAP logo and is for RVMAP businesses only.

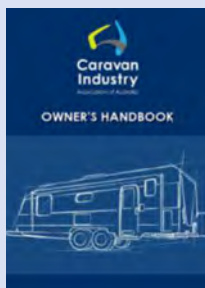

C-2RG: RVSA Vehicle (VIN) Plate – Generic

Metal plate size: 238 x 68 mm

Vehicle (VIN) plate which meets the requirements of a Secure Vehicle Identifier (SVI), required to be placed on each completed trailer supplied under a Road Vehicle Standards Act (RVSA) approval. The plate provides additional technical information to assist owners in enjoying safe and legal travels and covers all the legal requirements.

C-3: Caravan Industry Association of Australia Owner's Handbook

Size: A5 Booklet

It is a requirement that all RVMAP Businesses provide an Owners Handbook with every vehicle. Caravan Industry Association of Australia's handbook is full of useful information about owning an RV.

C-4: Safety advice to user Label

Label size: 120 x 195 mm

Red & black printed on white vinyl sticker.

Must be fitted prominently in all RVs fitted with LP gas.

C-5A: Gas Appliance Information Label

- (a) Close appliance valves before opening cylinder valve(s).
- (b) Frequently check connections at the appliances, regulators, hoses and cylinders for leaks with soapy water or its equivalent.
- CAUTION:** The ammonia present in some soaps and detergents can react with brass fittings and cause such fittings to crack after a short period of time. Therefore caution should be exercised when using soap solutions on brass fittings and all connections should be rinsed thoroughly with fresh water as soon as possible after the application of the soap solution.
- (c) Never use a match or flame when checking for leaks.
- (d) In the event of a gas leak, close cylinder valve(s) and ventilate the space.
- (e) In the event of fire, immediately close cylinder valve(s) if safe to do so.
- (f) All additions or alterations to the LP Gas system shall be performed by a licensed person.
- (g) Appliances must not be altered without the authorization of the manufacturer.
- (h) All permanent ventilators, flues and vents should be checked regularly to ensure that they are clean, free from debris, unobstructed and operating correctly.
- (i) All appliances must be turned off when not in use and while travelling or refuelling.

Label size: 180 x 130 mm

Red printed on white vinyl sticker.

For AS/NZS 5601.2 compliance, this sticker must be fitted in a prominent place near the cooker (or other gas appliances) in all Recreational Vehicles, including camper trailers with outside stoves.

C-5B: Ventilation/Space Heating Warning Label

WARNING

Ensure ventilation when the
cooker is in use.
Do not use for space heating.

Label size: 90 x 30 mm

Red printed on white vinyl sticker.

For AS/NZS 5601.2 compliance, this sticker must be fitted in a prominent place near the cooker in all Recreational Vehicles, including camper trailers with outside stoves.

C-5C: Combustible Material Warning Label

WARNING:

**WHEN OPERATING THIS APPLIANCE,
COMBUSTIBLE MATERIALS SHALL BE
RESTRAINED IN THEIR INTENDED
POSITION AND ANY POP-UP TYPE
ROOF SHALL BE ELEVATED.**

Label size: 113 x 42 mm

Red printed on white vinyl sticker.

For AS/NZS 5601.2 compliance, this sticker must be fitted in a prominent place near the cooker (or other gas appliances) in all Recreational Vehicles, including camper trailers with outside stoves.

C-5D: Ventilation Warning Label

WARNING

**This vent must remain
permanently open, clean and
unrestricted to provide ventilation
when gas appliances are in use.**

Label size: 113 x 42 mm

Red printed on white vinyl sticker.

For AS/NZS 5601.2 compliance, this sticker must be fitted in a prominent place near each upper and lower vent.

C-5E: Combustible Cooktop Warning Label

WARNING

**Lift lid before operating cooker.
Leave open until area cools.**

Label size: 105 x 28 mm

Red printed on white vinyl sticker.

As a requirement of Energy Safe Vic:

- (1) where a timber benchtop lid over a cooking range has been installed recessed into kitchen cabinets; and
- (2) there is no inter-locking device on the cooking appliance that meets the approval of Gas Appliance and Gas Installation Committees.

This sticker must be fitted on the rear wall directly behind the timber benchtop lid.

C-5F: Gas Cylinder Compartment Warning Label

WARNING:

**ONLY CYLINDERS AND THEIR ASSOCIATED
EQUIPMENT ARE PERMITTED IN THE
CYLINDER COMPARTMENT.
ELECTRICAL EQUIPMENT, BATTERIES OR IGNITION
SOURCES MUST NOT BE INSTALLED IN THE
CYLINDER (AND/OR STORAGE) COMPARTMENT.**

Label size: 295 x 110 mm

Red printed on white vinyl sticker.

This sticker must be located in the cylinder (and/or storage) compartment in accordance with AS/NZS 5601.2 – Clauses 3.3.1 & 3.3.2.

C-5G: National Gas Compliance Plate

Gas Installations - AS/NZS 5601.2
Gas Compliance Plate
Jurisdiction:

ACT ☐ NSW ☐ NT ☐ QLD ☐ SA ☐ TAS ☐ VIC ☐ WA ☐ NZ ☐

Type of Installation: New Installation ☐ Alteration-Addition ☐

VIN/HIN No:

Gas Compliance Certificate No or Approval No:

Date of Test: Tested By:
(Contractor Licence No)

This plate shall not be removed once attached.

Metal plate size: 190mm x 90mm

Aluminium plate with black print.

For AS/NZS 5601.2 compliance, this plate must be securely affixed in a clearly visible location close to the gas cylinder(s).

C-5H: Annex Warning Label

WARNING
IF FITTING AN ANNEX, CONTACT A GASFITTER
TO ADVISE ON THE VENTILATION REQUIRED
FOR SAFE OPERATION OF GAS APPLIANCES

Label size: 175mm x 35mm

Black printed on white label. Suitable for internal or external use.

This label must be located on or adjacent to the entry door of a Recreational Vehicle in accordance with AS/NZS 5601.2 – Clause 6.15.

C-5I: Slide-Out Gas Cooker Cover Warning Label

WARNING
Caution hot surface!
WARNING
Do not close until
this appliance has cooled.

Label size: TBC

Red printed on white vinyl sticker.

For AS/NZS 5601.2 compliance, this sticker must be fitted if a Recreational Vehicle has a slide-out gas cooking appliance equipped with a windshield or cover. The sticker must be located in a prominent position on both sides of the windshield/cover (i.e. 2 per vehicle).

C-5J: Electrical Switchboard Warning Label

WARNING
This installation contains low voltage
(230V), extra low voltage and automotive
wiring systems.

Label size: TBC

Red printed on white vinyl sticker.

For AS/NZS 3001.2 compliance, a sticker must be located at the switchboard (or alongside main circuit breaker/RCBO) to identify installations with multiple wiring systems/voltages. Refer AS/NZS 3001.2 clause 4.6.1.

C-6: Gas Storage Reflective Plate

Metal plate size: 150 x 50 mm

Metal plate printed on reflective aluminium plate.

For AS/NZS 5601.2 compliance, this reflective plate must be fitted on the outside of the gas cylinder compartment or door when cylinders are fitted inside. Must also be fitted where cylinders are covered by a cowl or other appendage.

C-6S: Gas Storage Reflective Label

Label size: 150 x 50 mm

Reflective vinyl sticker.

Where materials are inappropriate for the mounting of the C-6 metal plate, this reflective sticker may be used as an alternative.

For AS/NZS 5601.2 compliance, this reflective sticker must be fitted on the outside of the gas cylinder compartment or door when cylinders are fitted inside. Must also be fitted where cylinders are covered by a cowl or other appendage.

C-7: Gas Cylinder Information Plate

- (a) Close appliance valves before opening cylinder valve(s).
- (b) At cylinder changeover, check connections at the appliances, regulators, hoses and cylinders for leaks using soapy water or its equivalent.
CAUTION: The ammonia present in some soaps and detergents can react with brass fittings and cause such fittings to crack after a short period of time. Therefore, caution should be exercised when using soap solutions on brass fittings and all connections should be rinsed thoroughly with fresh water as soon as possible after the application of the soap solution.
- (c) Never use a match or flame when checking for leaks.
- (d) Ensure cylinder valves are closed when connecting or disconnecting electrical connections.
- (e) Close valve(s) and fit sealing plug to all spare cylinders not connected, whether full or empty.
- (f) In the event of fire, immediately close cylinder valve(s) if safe to do so.
- (g) Close cylinder valve(s) when appliances are not in use and while travelling or refuelling.

Metal plate size: 132mm x 70mm

Aluminium plate with black print.

For AS/NZS 5601.2 compliance, this plate must be affixed in a prominent place close to the gas cylinder(s).

C-9: Key to Ratings & Masses Label

Label size: A4

This information sticker should be located in a conspicuous position (e.g. in the front/tunnel boot) and close to the Vehicle (VIN) plate. The sticker provides clear explanations for definitions and terminology about ratings and masses such as:

- Tare Mass;
- Ratings such as ATM, GTM, GVM, GCM and Towing Capacity;
- Load Carrying Capacity (capacity, storage areas and loading, after-market accessories etc.); and
- Coupling Mass (Tow Ball Load).

C-10: Wheel Nut Warning Label

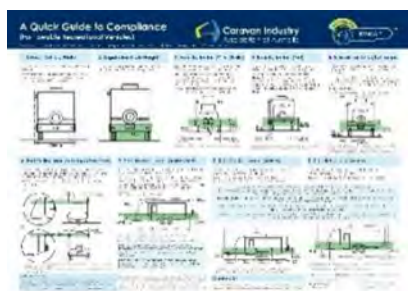

Label size: 100 x 30 mm

Red & black printed on white vinyl sticker.

Designed to be affixed to the exterior of a Recreational Vehicle on (or adjacent to) the wheel guard to remind the user to periodically check their wheel nuts/studs are tightened appropriately.

C-11A: Compliance Poster (A1) – Lamps and Reflectors

Poster size: A1

Developed in consultation with Vehicle Safety Standards (VSS) these educational compliance posters are designed to aid industry businesses in understanding the regulations and more importantly how they apply to Recreational Vehicles. The Lamps and Reflectors compliance poster focuses on dimensions and lamp/reflector heights and spacing relevant to Towable Recreational Vehicles.

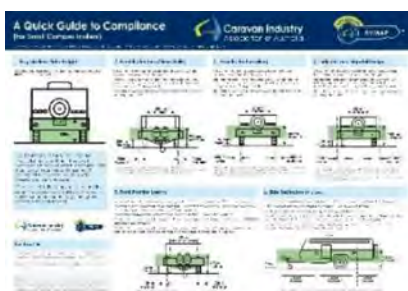

C-11BR: Compliance Poster (A1) – RVSA Vehicle (VIN) Plate Information

Poster size: A1

Developed in consultation with Vehicle Safety Standards (VSS) these educational compliance posters are designed to aid industry businesses in understanding the regulations and more importantly how they apply to Recreational Vehicles. The RVSA Vehicle (VIN) Plate compliance poster focuses on the requirements for correctly filling out the Vehicle (VIN) Plate and Tyre Placard when operating under the RVSA.

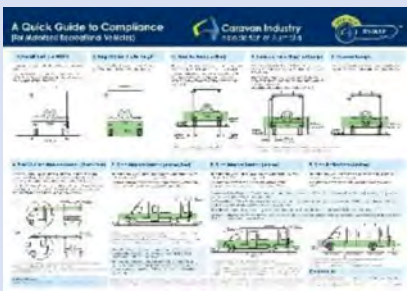

C-11C: Compliance Poster (A1) – Small Camper Trailers

Poster size: A1

Developed in consultation with Vehicle Safety Standards (VSS) these educational compliance posters are designed to aid industry businesses in understanding the regulations and more importantly how they apply to Recreational Vehicles. The Small Camper Trailer compliance poster focuses on dimensions and lamp/reflector heights and spacing relevant to Towable Recreational Vehicles less than 2.1m overall width and less than 6m overall length (including mounted components and equipment). Note: for vehicles exceeding these dimensions please refer to C-11-A – A1 Compliance poster – Lamps and Reflectors.

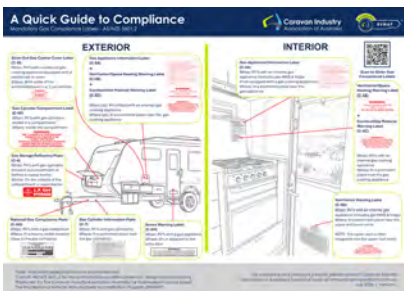

C-11D: Compliance Poster (A1) – Motorised Recreational Vehicles

Poster size: A1

Developed in consultation with Vehicle Safety Standards (VSS) these educational compliance posters are designed to aid industry businesses in understanding the regulations and more importantly how they apply to Recreational Vehicles. The Motorised Recreation Vehicle compliance poster focuses on dimensions and lamp/reflector heights and spacing.

C-11E: Compliance Poster (A1) – Mandatory Gas Compliance Labels – AS/NZS 5601.2

Poster size: A1

Gas installations in recreational vehicles must comply with the requirements of Australian Standard AS/NZS 5601.2, which includes a number of mandatory warning labels associated with gas equipment and appliances. This poster was developed to assist industry businesses in understanding the regulations and meeting their legal obligations relating to the mandatory gas warning labels.

C-12A: Compliance Checklist Tear-off Notepad (A4) – Lamps and Reflectors (Red and Amber Side Marker Lamps)

Size: A4

The compliance checklist tear-off notepads are designed to be used in conjunction with the A1 Compliance Posters (C-11A) and can be used as part of a business's final product inspection or quality assurance processes.

C-12B: Compliance Checklist Tear-off Notepad (A4) – Lamps and Reflectors (Amber Side Marker Lamps)

Size: A4

The compliance checklist tear-off notepads are designed to be used in conjunction with the A1 Compliance Posters (C-11A) and can be used as part of a business's final product inspection or quality assurance processes.
